

## Create a Pollinator Habitat (Egg Level) Starter List # 1

*The following species meet all plant-related requirements for an 'Egg' level garden - in order to be certified your garden will still need a source of water*

- Lanceleaf coreopsis - *Coreopsis lanceolata* (Apr - Jun)
- Common yarrow - *Achillea millefolium* (Apr - Sep)
- Purple coneflower - *Echinacea purpurea* (Apr - Sep)
- Bee balm - *Monarda didyma* (Jul - Sep)
- Swamp milkweed - *Asclepias incarnata* (Jun - Oct) (larval host - monarch butterfly)
- Goldenrod - *Solidago sp.* (Sep - Oct)
