

Create a Pollinator Habitat (Egg Level) Starter List # 2

The following species meet all plant-related requirements for an 'Egg' level garden - in order to be certified your garden will still need a source of water

- Creeping phlox - *Phlox subulata* (Apr - Jun)
- Wild geranium - *Geranium maculatum* (Apr - May)
- False blue indigo - *Baptisia australis* (Apr - Jul)
- Butterflyweed - *Asclepias tuberosa* (Jun - Sep) (larval host - monarch butterfly)
- Black-eyed susan - *Rudbeckia sp.* (Jun - Oct)
- Goldenrod - *Solidago sp.* (Sep - Oct)
